

FOR IMMEDIATE RELEASE

WESTERN CANADA'S LARGEST INTERACTIVE SNOW SCULPTURE EXHIBITION IS COMING TO WHISTLER

Experience the magic of Ice Kingdom's life-sized sculptures and snow maze

January 23, 2018 (WHISTLER, British Columbia) - Experience the magic of Ice Kingdom! The province's largest-ever snow sculpture exhibit will be making its way to Whistler for a limited time between **February 3rd** and **March 31st, 2018**. Tickets go on sale Friday, January 26th at www.icekingdom.ca, with early bird pricing, for a limited time only.

The entire family is invited to enjoy 40,000 square feet of jaw-dropping snow sculptures. Ice Kingdom tests the limits of the imagination and uses only the elements to create a winter wonderland. Children and adults can immerse themselves in a frozen paradise while exploring interactive elements, like an expansive snow maze and slide. For a truly magical experience, join us after the sun goes down and Ice Kingdom lights up in full colour!

Visitors can also enjoy hot chocolate, bubble tea and snacks from popular Whistler food vendors. A licensed bar is also available inside the Whistler Golf Clubhouse.

A history born out of family and community values: The brainchild of master carver David Xu Rui, Ice Kingdom celebrates a 300-year-old Chinese tradition of friends and family gathering to create sculptures out of snow and ice. The activity has a history rooted in family values, as adults would carve toys for their children during the long winters and engage in friendly competitions with other families to see who could display the most intricate piece of art.

Now, after more than 25 years traversing the globe and reshaping nature with his reality-defying sculptures, David is bringing his team of talented carvers to the Sea-to-Sky Corridor!

Event hours

Monday-Thursday: 1:00 PM to 10:00 PM

Friday-Sunday & Holidays: 12:00 PM to 12:00 AM

Location: Whistler Golf Club, 4001 Whistler Way (an easy 5-minute walk from Whistler Village).
