

FOR IMMEDIATE RELEASE

**WESTERN CANADA'S LARGEST INTERACTIVE SNOW SCULPTURE EXHIBITION
IS REOPENING ON THURSDAY, FEBRUARY 15TH**

February 7, 2018 (WHISTLER, British Columbia) - Due to heavy rains, Ice Kingdom Whistler's grand opening has been pushed back to Thursday, Feb 15th. After an initial opening on Feb 3rd, heavy rains forced the temporary closure of Ice Kingdom. A team of 20 talented carvers are working hard to rebuild the 50 attractions and ensure a world-class experience for all who attend. The event will now be re-opening on Feb 15th, and run until March 31st, 2018.

Tickets are on sale now at www.IceKingdom.ca/Tickets/.

Testing the limits of the imagination in using only the elements to create a winter wonderland, Ice Kingdom welcomes children and adults to immerse themselves in a frozen paradise while exploring interactive elements, like an expansive snow maze and slide. For a truly magical experience, join us after the sun goes down when Ice Kingdom lights up.

A history born out of family and community values: The brainchild of master carver David Xu Rui, Ice Kingdom celebrates a 300-year-old Chinese tradition of friends and family gathering to create sculptures out of snow and ice. The activity has a history rooted in family values, as adults would carve toys for their children during the long winters and engage in friendly competitions with other families to see who could display the most intricate piece of art.

Now, after more than 25 years traversing the globe and reshaping nature with his reality-defying sculptures, David is bringing his team of talented carvers to the Sea-to-Sky Corridor!

Updated Event Hours

Feb 15th 2018 until March 31st, 2018
